

TRADE PLANKS O. K. TO MANUFACTURER

National Association Says Body Received Liberal Recognition.

STRIKE POLICY IS CITED

Clause Demanding Business Legislation Also Is Commended.

By a Staff Correspondent of THE SUN AND NEW YORK HERALD.

CHICAGO, June 11.—After a careful study of the Republican platform adopted by the National Convention last night James A. Emery of Washington, general counsel for the National Association of Manufacturers, announced tonight that its industrial planks were, on the whole, satisfactory to the association. Mr. Emery made several recommendations to the resolutions committee at its open hearing, and while these were not incorporated in the platform, he was more concerned with principles than form of language.

"The principles and policies urged through our industrial platform have received liberal recognition," he said. "It is noticeable in the demand for a return to constitutional restraint; the release from executive autocracy and the reinduction of the independence of the three great coordinate departments of our Government."

It is even more noticeable in the ringing declaration that the right to strike against the Government does not exist. It declares in accord with our request the necessity for business legislation, and that administration of such legislation so that business men may be able to know in advance with reasonable certainty whether specific business practices are permissible, or forbidden, and it sharply criticizes the present administration of the federal trade commission.

"It fully sustains our contention for a privately owned and operated and American built and manned merchant marine. It sustains our widespread criticism of the present form of the tax law, and assures corrective remedial legislation and a constructive immigration policy."

"The Republican party has again wisely rejected, as it did in 1908, the unwarranted effort to compel it to criticize the Federal courts for the protection they have justly secured for life and property when assailed in industrial disputes. The party has declined also to yield to the impudent demand that it desire for the destruction of the independence of the national judiciary or recommend that the power of the people's courts to protect the people's Constitution against invasion be impaired or destroyed."

"In our opinion, the declaration recommending the settlement of employment disputes affecting public utilities is weak. The plank, while recognizing the paramount public interest in the continued operation of public service essential to the preservation of community life, fails to vindicate the high obligation of national, State and municipal government adequately to protect such service from paralysis or obstruction by arbitrary combination."

"It is our further opinion that a great opportunity has been neglected to recognize and assert that the right to combine is relative and not absolute."

"This principle lies at the root of our social question. It should have been unequivocally asserted, accompanied by the complementary declaration that nowhere in the Republic is it safe to permit power to be exercised without corresponding legal responsibility. No association of employers or employees should be permitted to act without the acceptance of liability for its own acts or those of its agents. No other principle is of greater importance to the adequate protection of the everyday rights of the American people."

HERRERO UNDER FIRE IN CARRANZA INQUIRY

Admits He Lacks Proof of President's Suicide.

By the Associated Press.

Mexico City, June 11.—Admission by Gen. Rodolfo Herrero, who has been charged with responsibility for President Carranza's death, that he did not have personal knowledge that Carranza committed suicide, but that he was told by one of the President's officers, featured the hearing before the Federal Court investigating the Chief Executive's death.

Herrero declared that the officer who gave him the information that Carranza had committed suicide was Ernesto Herrero, his cousin, who brought him the pistol with which it was alleged the President shot himself. Herrero admitted having pressed loyalty to Carranza and to having afterward ordered his forces to attack the President, but said this was done to obtain information regarding the strength of the Presidential escort.

He stated he had received orders indirectly from Carranza to take Carranza alive. The President's forces, however, learned of the intended attack and began firing, preventing his capture.

MEXICANS TO GET ALL PROPERTY BACK

Mexico City, June 11.—All property seized by the Government during previous administrations will be returned in simple presentation of title to the property confiscated, according to newspaper reports quoting Gen. Salvador Alvarado, Acting Secretary of the Treasury.

Santiago Martinez Alomia, former Justice of the Mexican Supreme Court, has been named Secretary of Foreign Relations by Provisional President Adolfo de la Huerta.

PLAGUE AFFLICTS SALVADOR.

Quarantine Against Republic Is Ordered.

Mexico City, June 11.—Two proved cases of bubonic plague have been discovered in the Republic of Salvador, the Mexican Secretary of Foreign Affairs is quoted as saying by El Demócrata. These cases, the Secretary maintains, constitute a menace to Mexico.

The Central American nations are declared to have ordered a quarantine against Salvador.

Honolulu, T. H., June 11.—Nineteen cases of cholera have been recorded at Kobe, according to Tokyo news despatches to the Nippon Jiji.

Plebiscite on Prohibition.

MONTREAL, June 11.—A plebiscite will be held in the province of New Brunswick on the provincial prohibition act, July 10, according to a despatch received here today. Two questions will be put before the people, the prohibitory law and the sale of light wines and beer.

PRESIDENT WILLING TO RETIRE PERSHING

Baker Tells General He Has Won Freedom of Choice.

Special to THE SUN AND NEW YORK HERALD. WASHINGTON, June 11.—That President Wilson will grant retirement to Gen. Pershing became apparent today from a letter sent to the General by Secretary Baker. The letter was in answer to one from Gen. Pershing, who said he desired to retire within a few months.

Mr. Baker's letter read: "MY DEAR GEN. PERSHING: I have received your letter of June 7 with regard to the possibility of your relinquishing military duty within the next few months. I am happy to note that you are planning to aid us in the reorganization contemplated by the recent act of Congress, the importance of which, of course, is very great. In this work your knowledge of the qualifications of officers will be indispensable and as the single list for promotion is a project which you earnestly recommended to Congress, it will help us all to have your aid in instituting it."

"Your military life has been active and exacting; your services to the country entitle you to choose with the utmost freedom the activities and interests to which you should devote your time, and should you adhere to your present wish to retire, I feel quite sure the President will meet your wishes whenever expressed. Both the country and the President will know that should any emergency arise after you have retired your country's call will find you ready to respond."

4 SUICIDES ABOARD DISABLED TRANSPORT

Mt. Vernon, From Siberia, Nears Norfolk.

WASHINGTON, June 11.—Four persons on board the army transport Mount Vernon committed suicide after one of the ship's propellers broke off the Virginia coast, according to a radio dispatch received here today. Their names or the circumstances were not given.

The transport has aboard 4,000 Czechoslovak troops, who are being taken to their native land from Siberia; but German war prisoners, under a United States Army guard, and 350 women and children. She is heading for Norfolk and is due there tomorrow.

The Czechoslovak Legion here has appealed to the American Red Cross for aid when the ship arrives. Nurses in and around Norfolk are being mobilized to meet the vessel and others are held in readiness here to go to Norfolk should they be needed.

The Legion explained that the long and monotonous voyage from Vladivostok had greatly lowered the morale of the returning troops and that the Red Cross, Y. M. C. A. and Y. W. C. A. had been asked to do all they could to cheer up those aboard when the vessel reached Norfolk. The Antigone is accompanying the disabled ship.

Five Boys Drowned in Lake.

THE PAS, Man., June 11.—While crossing Moose Lake, south of this place, five Indian boys were upset from their canoe and drowned. They were on their way home from the muskrat swamps and encountered a heavy storm.

Availability

WHAT investments showed up during the World's War as having the right kind of availability for being converted into cash? Ask the savings banks.

The bonds which they took for quick assets had depreciated so much that they turned to their mortgages and raised far more money from the realization on mortgages than from the sale of securities.

An additional fact—the mortgages were paid at par.

Title Guarantee & Trust Co.

SWEDEN'S HANDS OFF RUSSIAN GOLD

Replies to French Protest Over Importations.

Special Cable Despatch to THE SUN AND NEW YORK HERALD. Copyright, 1920, by THE SUN AND NEW YORK HERALD.

PARIS, June 11.—The protest which the French Government made to Sweden and the steps which French holders of Russian bonds took to protect their rights in the Russian gold transported to Sweden to pay for purchases made there by Gregory Krasine, Bolshevik Commissioner of Trade and Commerce, have resulted in a disavowal of responsibility by the Stockholm Government.

The Stockholm correspondent of the Echo de Paris has just sent to his newspaper an interview with Erik Palmstierna, Swedish Foreign Minister, in which the latter says that Sweden, on principle, refused to interfere with Krasine's dealings with Swedish firms, the only duty of his Government being to see that the decisions of the Supreme Council were not violated in these purchases.

"Sweden certainly did not expect that a question would be raised regarding the Russian gold," he said. "This gold was not mentioned in the council's decision in connection with Russian trade. Neither did they place any obstacles in the way of shipping this gold out of Russia, for when they declared the blockade lifted they did not indicate that the exportation of gold from Russia was forbidden."

He added that Sweden refused to give any guarantee to Swedish merchants that this gold might not be subject to the claims of Russian creditors. The interview apparently is a forecast of Sweden's official reply to the French protest.

U. S. RED CROSS AIDS UNDER SHELL FIRE

Four Stray Into Bolshevik Lines Near Kiev.

WARSAW, June 11.—Word has been received here that American Red Cross workers who strayed into the Bolshevik lines near the Kiev bridgehead recently were subjected to shell fire.

All in the party, which consisted of Major Bruce Mohier of Fremont, Ohio; Major Alfred Plankner, St. Paul; Capt. Charles Phillips, New Richmond, Wis.; and Sergt. Bennette, Tyree, Lynchburg, Va., as chauffeur, escaped injury. Medical supplies were being escorted to the dressing stations when the shelling occurred.

15,000 TONS OF WHEAT TO GERMANS

Other Supplies Also Diverted From England.

PARIS, June 11.—Fifteen thousand tons of wheat destined for England have been diverted to Germany and will be held to forestall the serious shortage there.

It is learned from the International Relief Committee here that the decision by Great Britain is the outcome of the recent visit to London of the German food controller, Herr Meier, who asked for wheat and other supplies. Large stocks of frozen mutton also will be sent to Germany from English storage houses.

CAVELL UNVEILING TO-DAY.

His Relief Will Be Uncovered in Tulleries in Her Honor.

PARIS, June 11.—Hugh C. Wallace, the American Ambassador, the members of his staff and representatives of all the allied Governments have been invited to attend the unveiling of a bas-

relief to Edith Cavell in the Tulleries Gardens Saturday forenoon. The American Red Cross will send a group of nurses in field uniform under Maj. H. S. Todd of New York.

The bas relief, which is intended to express the veneration of the allied Governments for Miss Cavell, was erected by public subscription organized by the Matin. It represents Miss Cavell lying on the ground after having been shot, with the suggestion of smouldering ruins in the background.

PASSPORT FOR NITTI; COMING TO AMERICA

Signor Giolitti to Form New Cabinet in Italy.

ROME, June 11.—The newspapers announce today that former Premier Giolitti has been requested to form a Cabinet to succeed that of Francesco Nitti, which resigned June 9. The newspapers say Nitti is informed that Signor Giolitti has accepted the task.

Francesco Nitti has accepted a passport to travel in European countries, says the Giornale d'Italia. It is believed, however, that he is planning to go also to America for a rest, the newspaper adds.

LONDON, June 11.—Signor Giolitti, according to a Central News Despatch from Rome, has approached the Socialists with a view to the formation of a coalition government, whose foreign policy, he said, would not differ materially from that of the late Government. The Socialists, however, refused to cooperate.

You've hit the trail

that heads you cross-lots to cigarette satisfaction when you sign up with Camels!

YOU get to be mighty fond of Camels through their quality and refreshing flavor and mellow-mild-body. They exceed in real and true cigarette satisfaction any desire you ever had at any stage of your smoke experience. Camels are made to meet your taste and they certainly do!

Camels are so unusual in every way; they give you an entirely new idea as to how good and how delightful a cigarette can really be! They never tire your taste and never leave any unpleasant cigarettey aftertaste or unpleasant cigarettey odor. You are always keen for a Camel!

Quality alone would win for Camels, but besides quality, Camels blend of choice Turkish and choice Domestic tobaccos is a cigarette revelation! You will prefer Camels blend to either kind of tobacco smoked straight!

All the good words we can say about Camels; all the O. K.'s of smokers throughout the nation will never pass you the line on Camels you'll get when you buy a package and make the test yourself! And, while you're at it, just compare Camels with any cigarette in the world at any price!
